

1. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	Filament Tapes: 602,602C,602M,611A,605,602A,602B,605A,610,615A,9640, 9670,9680,9680-1,9690,969035,607M,607A,609,5160,6614, 6614-2,6614A,602D,615,6516,619,698,695,396FR,325,329, 306,308,302A,302C,2070,2070-1,2080,2090,209035,323,313A, 313,316BG,315,315C
Manufacturer Information:	Fujian Jialong Adhesive Tape Co., Ltd. No.11 Xiazhai Road, Jiulong Industry Park, Hua An, Zhangzhou, Fujian 363000 China.
Product Use:	Carton sealing, Strapping, Fixation...
Phone Number:	+86-592-207-5506

2. HAZARD IDENTIFICATION

None

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredient:	Filament Tape
C.A.S.Number:	Secret
Weight (%) Percentage:	100

4. FIRST AID MEASURES

Eye contact:	No need for first aid measures is anticipated under recommended/normal use conditions
Skin contact:	No need for first aid measures is anticipated under recommended/normal use conditions
Inhalation:	No need for first aid measures is anticipated under recommended/normal use conditions

5. FIRE FIGHTING MEASURES

Extinguishing media:	Water Spray, Dry Chemical, Foam
Special firefighting procedures:	Fire protection equipment

6. ACCIDENTAL RELEASE MEASURES

None

7. HANDLING AND STORAGE

Precautions for safe handling:	1.Fireworks are strictly prohibited in the work area 2.Empty containers and residues need to be cleaned before reuse
Conditions for safe storage:	1.Storage at room temperature, sunscreen, moisture-proof, waterproof

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Eye protection:	protective spectacles
Skin protection:	protective clothing
Hand protection:	protective glove

9. PHYSICAL AND CHEMICAL PROPERTIES

Color:	Varies by product (multiple colors)
Physical form:	Solid
Appearance:	Transparent / Non-transparent

10. STABILITY AND REACTIVITY

Stability:	Stable
Hazardous polymerization:	This product, an article, does not release or otherwise result in any hazardous chemical exposure under recommended/normal use conditions.

11. TOXICOLOGICAL INFORMATION

This product, an article, does not release or otherwise result in any hazardous chemical exposure under recommended/normal use conditions.
--

12. ECOLOGICAL INFORMATION

Those released components are expected to have only an insignificant impact on the environment
--

13. DISPOSAL INFORMATION

The waste of this product should be disposed in accordance with local, regional, national and/or international regulations.

14. TRANSPORT INFORMATION

HAZARDOUS MATERIAL PROPER SHIPPING NAME:	None required.
SPECIAL HANDLING OR SHIPPING PRECAUTIONS:	None required.
HAZARD CLASS:	None required.

15. REGULATORY INFORMATION

Contact JL Manufacturing

16. OTHER INFORMATION

National Fire Protection Association (NFPA) Hazard Classification	
Health:	0
Flammability:	1
Reactivity:	0
Special Hazards:	None
